**“The Gospel is NOT preached if  
CHRIST is not preached.”  
– John Stott**

What words/phrases stand out in the text?

What actions were called for in the text? What changes were expected in people’s lives as a result?

If I had to summarize the text into one main idea, what would it be?

What practical ways can I use to get the main idea across to the congregation (stories, illustrations, activities)?

Outline your message, keeping in mind that the main point of your message is the same as the main point of the text. Your outline should build on that point.
